GETTING STARTED

Insert the Battery

First insert the bottom side, then the upper (contacts) side of the battery pack into the slot. Press the latch release button and pull the battery latch down to reinsert the cover:

Charge the Battery

With Power Supply

With Single Cradle

Do not use the Datalogic Memor until batteries are charged for minimum 4 hours.

CAUTION

SYNCHRONISE YOUR DEVICE WITH THE PC

Set up Synchronisation using Windows Mobile® Device Center

Windows Mobile Device Center is only compatible with Windows Vista and Windows 7; if you run Windows XP or earlier, you have to download Microsoft ActiveSync.

You can establish a connection to your Datalogic Memor through the following interfaces:

- USB either directly or through the Single Dock
- RS232 either directly or through the Single Dock
- Bluetooth®

To establish a partnership between the Datalogic Memor and a host PC, start Windows Mobile® Device Center and follow the steps below:

1. Connect the Datalogic Memor to the host PC. Windows Mobile® Device Center configures itself and then opens.
2. On the license agreement screen, click Accept.
3. On the Windows Mobile Device Center's Home screen, click Set up your device.
4. Select the information types that you want to synchronize, then click Next.
5. Enter a device name and click Set Up.

When you finish the setup wizard, Windows Mobile Device Center synchronizes the mobile computer automatically. Microsoft® Office Outlook® emails and other information will appear on your device after synchronization.

Communicate with Host

INSTALLING A MICROSD CARD/ SIM CARD

1. Turn off the Datalogic Memor.
2. Press the latch release button and pull the latch down:

3. Remove the cover and the battery pack, then open the microSD card slot by pulling up the locking plate:

4. Shift the cardholder to the left and then pull it up; insert the microSD card with the written part upward:

5. Lock the card into place by pushing the cardholder down and then shifting it to the right; pull the locking plate down:

6. Close the battery cover properly, by pressing the latch release button and pulling the latch down.

SCANNING AND IMAGING

Laser Data Capture

Imager Data Capture
