

TRAKKER Antares 2400 Series Holster and Belt Instruction Sheet

The holster is a convenient way to carry the TRAKKER® Antares™ 2420 or 2425 terminal at your side when you are not using it. The holster attaches to the belt and holds the terminal at your side.

To attach the holster

1. Slide the holster flap over the belt and snap the flap closed.
2. Buckle the belt so it is secure yet comfortable with the holster resting on the outside of the thigh.
3. Wrap the leg strap around your leg. Adjust the leg strap so it is comfortable and then snap the buckle closed.

When you place the terminal into the holster, it is at your side and within easy reach whenever you need to use it.
