

Ease of use, convenience and flexibility at your fingertips.

fi-5000N

Network Adapter

Document scanning with simplicity

- ▶ Network functionality including scan to view, email, print, file and more
- ▶ 10/100 Base-T Ethernet and USB 2.0 connectivity
- ▶ Fingerprint verification allows “one touch” designation of recipient PC
- ▶ Administration utility allows for complete management of uses, application and locations of scanned images
- ▶ Includes One-year Limited Warranty

FUJITSU

THE POSSIBILITIES ARE INFINITE

fi-5000N

Network Adapter

Easily send scanned images to a variety of applications

The Fujitsu fi-5000N used in conjunction with supported Fujitsu fi-series workgroup and departmental scanners, enables document scanning with ease of use and flexibility for a wide variety of environments. Situated between a scanner and a Local Area Network (LAN), the fi-5000N verifies a user's identity to ensure that scanned information is sent to the right computer. Using a sophisticated fingerprint verification method and a finger detection sensor, the fi-5000N identifies users and their PC's allowing images to be sent to pre-configured location and/or applications. Furthermore, by utilizing in box software users to setup defined destinations such as scan to file, scan to email, scan to SharePoint server or scan to view and launch an application based on one-touch of their individual fingerprint or PIN number. More importantly, it eliminates the need to remember, store, and manage passwords. And each fi-5000N stores fingerprint and PC information for up to 32 users, delivering cost-effective security on a large scale.

Share USB scanners on an Ethernet network

With a USB 2.0 scanner interface and a 10/100-base-T Ethernet network interface, the fi-5000N acts as both an authentication device and a scanner-sharing device. It supports nine popular Fujitsu scanners.

Compact, yet complete

In today's crowded offices, it can be difficult to find enough space for a scanner. Fortunately, the fi-5000N measures just 2.52" x 5" x 6.93", so imaging security fits into just about any office. What's more, it comes with TWAIN, ISIS® and ScandAll21 software to enhance productivity immediately. And it includes a one-year limited warranty for peace-of-mind.

About Fujitsu Computer Products of America, Inc.

Fujitsu Computer Products of America, Inc. is a subsidiary of Fujitsu Limited, a leading provider of customer-focused IT and communications solutions for the global marketplace. FCPA provides innovative solutions for the U.S. marketplace. Current product and service offerings include high performance hard disk drives, Magneto-Optical drives, scanners and scanner maintenance, palm vein recognition technology, 10Gb Ethernet switches and degaussers.

Technical Specifications

MODEL		fi-5000N
Functional Specifications		
Supported fi-series scanners		fi-5110C fi-4120C Series / fi-4220C Series fi-5120C / fi-5220C fi-4530C fi-5530C
Resolution		500 dpi
LCD Display	Type	Monochrome, alphanumeric
	Panel Size	18 columns, 4 lines
	Language	English, German, French, Spanish, Italian and Japanese
Operator Panel		[ID], [Setup], [ESC], [^], [v], [.] [Enter], Numeric key (0-9)
User	User Registration	8 bit and 24-bit / pixel (output)
	Max. User number	32
Fingerprint Authentication	Finger Detection Sensor	Yes
	Verification Method	Minutiae Method
	Verification time	3 seconds or less
Interface	LAN (Network Connection)	IEEE802.3/802.3u Compatible 10/100 Base-T (Auto Negotiation)
	USB (Scanner Connection)	USB 2.0
Software Driver Support		ISIS® and TWAIN driver included (Win 98SE/2000/Me/XP)
Physical Specifications		
Power requirements (auto-switching)		100 – 240 VAC, 50/60 Hz
Power Consumption		8W or less
Power Switch		Yes
Power LED		Yes
Operating Environment	Temperature	42° to 95° F (5° to 35° C)
	Relative humidity	20% to 80% (non-condensing)
Dimensions (HxWxD)		2.52 in. x 5 in. x 6.93 in.
Weight		2.5 lbs.
Limited Warranty		One-year Depot Limited Warranty. For full details, visit www.ImagingService.com or call (800) 301-9475.
Inbox Contents		Ethernet cable
Bundled Software		TWAIN, ISIS® and ScandAll21
Options		QuickScan V 3.0 and Image Processing Software V 2.0
Features		Auto de-skew, auto cropping and double feed-detection
Part Number		PA03368-B005
