PATHFINDER®
Scout™ Printer

THE HANDY WAY TO MARK PRODUCT AND TRACK INVENTORY.

Monarch®

Merchandise Marking • Carton Labeling • Healthcare Labels • Work-in-Progress Labeling

PAXAR
The Power of Identification™

Monarch's PATHFINDER® Scout™ is the bar code printer that's so affordable, everyone can identify with it.

I f you need a high quality, low cost bar code printer that's easy to use, this son of a gun is for you. It features an integrated display, keypad and optional scanner for flexible data entry, and prints labels in a variety of formats. It's simply the best printer of its kind—bar none.

The PATHFINDER Scout offers an accurate, economical solution for retail label and tag printing. Just key enter or scan in data, then print and apply labels simultaneously. With this hand-held printer you'll quickly get a grip on markdowns, general marking and clearance items.

PATHFINDER® Scout™ Printer

Warehouses and distribution centers can use the PATHFINDER Scout to track cartons and containers. Just apply a time/date stamped label to a box and see how long it sticks around. By scanning the box at various stops in the distribution channel, you can keeps tabs on your product and stay on top of inventory needs.

For years the PATHFINDER Scout Printer has made the grade in all kinds of merchandising environments, and we're sure you'll also give it good marks. Find out more by calling 1-800-543-6650, or send a fax to 1-937-865-8015. You can also visit us on the Web at www.monarch.com.

Key in or scan information, or download data from your PC.

Self-contained keypad, display and optional scanner.

Thermal printer produces crisp, clean bar codes and other characters.

State-of-the-art battery gives up to eight hours of cordless operation.
