

PT019DA Docking Bay

Once you've got your data, the handiest way to upload and simultaneously recharge your PT900D is with the Unitech PT019DA Docking Bay.

Constructed of rugged industrial-strength ABS plastic, the PT019DA features an RS232 Communication Cable, LED indicators for power, charge, and communication status, and ports for on-board modem communication and DC power.

Modem (model #MR052C) and AC power adapter are both optional.

Features:

- Rugged ABS plastic construction.
- LED Indicators for Power, Charge, and Communication status.
- Communication with host computer via RS232 or modem (optional).
- In-docking bay charging with AC Adapter (optional).
